Little Flock
pre-primary school

Dear Little Flock Parents, 14 April 2020

I hope this letter finds all of you well. As we start our online teaching, we as teachers are most excited about this new and different approach to learning. Please know, it is important for all of us at Little Flock that your child enjoys this time and for this reason, please do not stress about covering everything. Enjoy taking part in our teacher videos, exciting lessons, and activities with your child. We will support you as much as possible and when we return to school we will revise and reiterate whatever needs to be covered again. If there is something your child is unsure of, please message the teacher to let her know. Remember that the benefit of this time is that you can spend quality time with your child while taking part in fun learning with them.

We will be using Microsoft Teams and a simplified tutorial will be sent through to you explaining simply and effectively how to use this application. You will notice our awesome teacher videos and links, which will be attached to their thorough, theme-related Interactive Choice Boards. Each Grade, and then later, each class will have their own Choice Board to work from. Please be aware that Youtube will be used for our teacher videos, so please make sure you are with your child when viewing these, in case of any advertising that is not age-appropriate.

Have fun taking part in this Remote Learning stage we find ourselves in and please don't hesitate to get hold of your teacher, or email me, should you have any queries. (christieg@littleflock.co.za)

Keep well and God bless

Christie Gunn
